

HYLAN STARTS TUNNEL WORK

Mayor and Borough President
Lynch Turn Over First Dirt
for Tube to Brooklyn

TOTTENVILLE, July 20 — Mayor John F. Hylan, assisted by Borough President John A. Lynch turned over the first dirt for the tunnel under the Narrows from Staten Island to Brooklyn to connect the borough of Richmond with the greater city of New York. The ground was broken on the lighthouse property at St. George for the shaft that is to be sunk by the contractor, Patrick McGovern for the tube under the river. Dirt is expected to fly today and according to the contractor the work will be pushed as fast as possible. Immediately after the ceremonies of breaking ground the mayor and his official family who had come over from Manhattan on the ferryboat Theodore Roosevelt proceeded to Borough hall where the speechmaking took place.

Max Thaten, chairman of the committee of 500 named by Borough President Lynch acted as chairman and introduced Borough President Lynch, who made the address of welcome. He was followed by Mayor Hylan, who in a speech spoke of the great possibilities for Staten Island with the addition of the tunnel under the narrows. He told of the great things that the present administration has done for Staten Island and which the borough of Richmond is now coming into its own through those in power at City hall in Manhattan and at Borough hall, St. George.

Mayor Hylan was followed by Borough President Reigelman, of Brooklyn, Murray Hulbert, president of the Board of Aldermen; Dock Commissioner John Delaney

and Commissioner Grover H. Whalen, of plants and structures for the city of New York. The Police Department band furnished the music for the occasion. Several thousand people from all parts of the borough of Richmond witnessed the ceremonies that began about 4 o'clock. A reception and luncheon followed on municipal pier No. 7, Tompkinsville at which many were present.

ELLIOTT AVENUE NOW CHANGED TO CRAIG AVE.

TOTTENVILLE, July 20.—Elliott avenue that runs from Amboy road to Bethel avenue has been changed to Craig avenue, according to new sign posts that were set up along that thoroughfare this week. Craig avenue was the name given to the new concrete thoroughfare running from Amboy road to the new South Amboy ferry terminal at Sea Breeze and to make the continuation of the new street which began at Elliott avenue, the name was changed. Elliott avenue only extended to Main street up until a few years ago, but when the new road was cut through to Bethel avenue the entire street was named Elliott avenue after much discussion on the part of residents and taxpayers on the street.

The journey westward of two embryo tourists was given a jolt yesterday when railroad detective Elisha Lloyd, of the Pennsylvania arrested two youthful tourists riding blindfolded on the 6 o'clock express at lower Jamesburg. At a hearing given the youths at borough hall by Borough Recorder Emmons, the prisoners were listed as John Bloke, seventeen and John Pardo, eighteen years old, both of Chicago. The youths told a story of running away from home two years ago having travelled over the entire country and were never in jail before their arrival at Jamesburg. They were returning to their Western home when apprehended, according to their story.
